Linear 861 *Smart Garage Door Opener*

Backed by over 60 years of pioneering experience. The Nice Linear 861 Garage Door Opener is the next in the new series of smart Nice openers that combine sleek industrial design with features such as increased LED lighting, more powerful motor, Wi-Fi and smartphone connectivity, pre-installed battery and Nice G.O. app compatibility at an incredible value. The 861 is an evolution of the Linear brand and innovation from Nice that creates a smart, convenient, and value-driven choice.

BENEFITS

- **Feature-rich, plus value:**
LED lighting, pre-installed battery, pre-programmed limits
- Operates residential sectional doors up to 500 lbs.
- Wi-Fi connected wall station with status indicator
- Efficient design for reduced installation time
- Self diagnostic system means fewer service calls

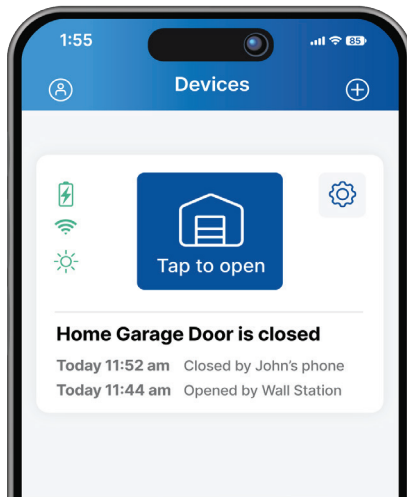

New! Nice G.O. App

Easy to use, customer friendly

Nice G.O. Mobile App Features:

- Real-time notifications and control of garage door from any mobile device
- Invite guests and allow custom access and permissions
- Schedule operations and timers for doors and lights

*Includes Wi-Fi
Connected
Wall Station*

Linear 861 *Garage Door Opener*

The Nice Linear 861 Garage Door Opener expands the series of smart, Nice branded openers that combine sleek industrial design with incredible value. The 861 delivers enough lifting power for doors up to 500 lbs. and bright LED lighting in addition to smart app control, installed battery backup, and more.

FEATURES

Wi-Fi and Bluetooth Connected Wall Station

Provides auto firmware updates over cloud and simplified pairing with Bluetooth, leading to fewer service requirements.

Integrated Battery

Compliant with CA SB-969 regulations. Features a powerful 800N motor, delivering reliable performance for most installations. Reduce installation time with pre-wired and installed battery. Provides homeowners with confidence that operation continues during power outages, supporting up to 3 days or 77 cycles, depending on usage.

BuildReady™ Mode

Enables full electronic setup, including limits, force settings, and transmitters, without requiring power to the home. Supports complete configuration before the home is energized.

Energy Efficient LED Lighting

Reduce services calls with integrated, energy efficient and environmentally friendly LED lighting.

Interchangeable Chain/Belt Drive System

Offering both chain and belt drive options allows for flexibility in installation.

Easy Door Release

Release the opener's quick-disconnect trolley to open or close the garage door manually.
