

Yubii® Home

The heart of your
new smart home
experience

Yubii Home, your life gets better

The whole house in one device: possibility to control lights, roller shutters, gates, doors and windows, electrical appliances, heating and watering systems, multimedia, as well as to detect water leaks, CO gases and fire with a simple command from one single app.

Sustainability and Savings

Yubii Home will make sure your smart home has a minimal impact on the environment, reducing its carbon footprint. Thanks to intelligent heating and lighting control, and electrical loads monitoring, you can lower your energy consumption and reduce your heating bills.

Imagine endless scenarios

An intelligent home is primarily about increasing comfort and making everyday activities easier. Automated scenarios, voice control, remote control from smartphones, tablets, and smart watches, will facilitate your daily routine.

Yubii, a real all-in-one ecosystem for your smart home

Works with over 3000 products from other brands.

Yubii Home is open to the integration of third-party devices thanks to the Z-Wave and WiFi protocols, and it can support one IP camera and up to 5 plug-ins.

Manage your home as you want

Through Yubii app you can keep your home under control and manage it anywhere you are.

Yubii App

TECHNICAL SPECIFICATIONS

Code	Description	Pc./Pack.	Certification
YH-001	Yubii Home Gateway	1	CE

Code	YH-001
Power supply	5V DC, max. 1A (adapter included)
Operating temperature	0-40°C
Operating humidity	max. 75% relative humidity (non-condensing)
Power connector	USB Micro B
Dimensions	178x110x31 mm

RADIO COMMUNICATION

Protocol	Radio frequency	Max. transmitting power
Z-Wave (700 series)	868.0-868.6MHz 869.7-870.0MHz	+9 dBm
